 Meeting Capacity (Max): 6,452

Venue Highlights

The Macau East Asian Games Dome is the largest sports and cultural infrastructure investment of the Macau SAR. The size and bold design of the Macau Dome has turned it into a popular visitor attraction in Macau.

Location

Conveniently located to the Macau International Airport, the Macau Ferry Terminal and the China border, the Macau Dome is the first multi-functional infrastructure in the COTAI area, the fast developing new entertainment zone of Macau that is situated between Taipa and Coloane.

Communication Technology

Telephone and network sockets are available inside most of the facilities. Event organizers just need to apply the services from the local service provider. The multi-functional design of the Macau Dome has made it ideally suited to accommodate the meeting, incentive, convention and exhibition (MICE) sector, as well as different sporting, entertainment and cultural events.

Business Facilities

Comprehensive business facilities include press centre, offices, committee rooms, lounges, call room, security office, simultaneous interpretation booths, exhibition offices, meeting rooms, conference rooms and reception areas.

Technical Facilities

The Macau East Asian Games Dome is equipped with electronic Scoreboard, advanced communication, sound and light systems, and fixed and moveable wide full colour LED Video Screens.

Catering Facilities

A fully equipped kitchen is located on the same floor of the Macau International Convention Centre. An outfitted kitchen is located in the food court and another smaller one in the VIP area of the Theatre.

Parking Facilities

The Macau East Asian Games Dome is surrounded by a large area of parking spaces that can accommodate up to over 1,000 vehicles.

General Facilities

The Macau East Asian Games Dome, covers approximately 139,960 sq. metres, is a three-storey multi purpose venue. Under the massive roof, the interior is split into four independent areas: the Arena, the Theatre, the Exhibition Centre and the Macau International Convention Centre.

The Arena with a total of almost 7,000 seats, offers a maximum surface area of 4,860 m² depending on the required seating configuration, it can be used to host different events, including sporting events to a wide range of entertainment and cultural shows. The diversity of the Arena's function has been enhanced by its design to allow for the installation of indoor track and field equipment and a removable Olympic standard size Ice Rink, perfect not only for sporting events, but also for incentive programs.

The almost 2,000 seats Theatre has been built with a central stage that offers a U-shaped spectators seating layout to provide audiences with a perfect view of the event organized, such as theatrical plays, opera, concerts, recitals and seminars; the 914 m² surface area in front of the stage can serve as space for different purposes, from meetings to sporting events, as well as additional seating set-up.

Designed to allow for different configurations, the second level Convention Centre is equipped with nine simultaneous interpretation rooms and a sophisticated sound system; this column-free space with its total area 3,000 m² of can seat up to 2,000 people, and is ideal for large banquets, receptions, conferences and meetings.
